

XXIX Annual Conference of INDIAN ACADEMY OF NEUROSCIENCES

30th October-1st November 2011

Organized by

Defence Institute of Physiology and Allied Sciences, DRDO, Delhi

Chief Patron

Dr. V K Saraswat
(SA to RM & DG, DRDO)

Patrons

Dr. W Selvamurthy
Prof. K N Sharma
Prof. P N Tandon
Prof. B N Dhawan
Prof. P K Seth
Prof. R Shukla

Organizing Secretary

Dr. Shashi Bala Singh

Joint Organizing Secretary

Dr. Sunil Kumar Hota

Local Organizing Committee

President:

Dr. Shashi Bala Singh

Secretary:

Dr. Anju Bansal

Other Members

Dr. S Sarkar
Dr. A K Salhan
Dr. D Majumdar
Dr. K Mishra
Dr. D Prasad
Dr. P Vats
Dr. K Hota

First Announcement

Dear all,

It gives us immense pleasure to invite you to the 29th Annual Conference of Indian Academy of Neurosciences (IAN) to be organized by Defence Institute of Physiology and Allied Sciences, Delhi from 30th October to 1st November 2011. India has significantly contributed to the understanding of human brain and its higher functions in recent years. Our understanding has increased on how brain works normally, during stress and in disease conditions in recent years. The knowledge on the cross talks of neurons through neurotransmitters and signaling molecules has helped in the development of novel diagnostic and therapeutic strategies for prevention and cure of neurodegenerative disorders. However, with every new discovery on the brain we realize how little we know about this pulsating mass of neurons, thus leaving an unending scope for future research. In this context, the forthcoming annual conference of IAN to be organized at the national capital will surely provide a unique platform for the neuroscientists in India and abroad to deliberate, discuss and collaborate in areas of mutual research interest. The conference will also provide an opportunity to the student delegates aspiring to pursue a career in neuroscience research to interact with the senior scientists and understand the recent trends of neuroscience research in the country. Delhi represents a perfect conglomerate of a rich ancient history and grandeur and a fast developing modern civilization making it a perfect venue for organizing the annual conference of IAN where the rich experience of the senior neuroscientists and the enthusiasm of the young researchers will come together to shape the future of neuroscience research in India.

Looking forward to be honored by your participation in IAN-2011.

Dr Shashi Bala Singh
(Organizing Secretary)

Important Deadlines

Registration : 31st Aug, 2011

Abstract Submission : 31st Aug, 2011

Symposia Proposals : 30th June, 2011

Online registrations begin from
1st June 2011

Registration

	Early Bird Registration (Till 31 st Aug, 2011)		On the Spot Registration
	IAN Members	IAN Non Members	
STUDENTS	2000 INR	2500 INR	3000 INR
DELEGATES	3500 INR	4000 INR	4500 INR
ACCOMPANYING PERSON	2000 INR		3000 INR
FOREIGN DELEGATES	300 USD		450 USD

Contact details

Scientific Programme

The Scientific program will consist of Plenary and Invited Lectures, Symposia, Oral and Poster sessions and Panel discussions on the following topics.

Neurodegenerative disorders: Molecular insights & clinical perspectives
Neuroinflammation in stress and disease
Neurogenesis & Stem cell therapy: challenges ahead
Neurotoxicity and neuroprotection: concepts and mechanisms
Recent Trends in Neuroimaging
Alcohol and Brain: What we know?

Understanding Sleep rhythms in the Brain
Neuroendocrine regulation of brain and cognition
Neurobiology of Aging
Neurosignalling mechanisms in hypoxia and ischemia
Molecular and cellular basis of Depression

Proposals are invited for organizing symposia on the above topics. The duration of each symposium will be 2hrs with 4 to 5 speakers, of which two speakers should be from India. Kindly submit the proposals by 30th June 2011
